

New Source Review newspaper advertisements for construction permit applications, November 27, 2003. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: November 25, November 26, or November 27, 2003. Public notices are generally published every two weeks. The previous publication of public notices was November 11 – 13, 2003.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Farmers Grain of Trenton, LLC with a mailing address of P.O. Box 46, Trenton, TN 38382. They seek to obtain an air contaminant permit (Division identification number: 27-0178-01/56849) for a Grain Handling Operation located at 102 Wilson Street, Trenton, TN 38382. This existing operation consists of grain dumps, grain storage, conveyors, load out, a grain dryer using natural gas, and associated equipment used to process and ship grain. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. M. Smith is the assigned Division person.

For the Gibson County “Milan Mirror-Exchange”--published once on or before Thursday, November 27, 2003.

The applicant is Vulcan Materials Company with a mailing address of P.O. Box 7, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 28-0093-03/56861) for construction of a Portable Screening Unit at 3990 Little Dry Creek Road, Pulaski, TN 38478. This proposed operation would consist of two (2) grizzly feeders, one (1) 5x12 DD screen, and several conveyors. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Attar is the assigned Division person.

For the Giles County “The Pulaski Citizen”--published once on or before Thursday, November 27, 2003.

The applicant is Athens Utilities Board with a mailing address of P.O. Box 689, Athens, TN 37371. They seek to obtain an air contaminant permit (Division identification number: 54-0187-01/56862) for construction of a Wastewater Sludge Dryer System at 200 Alford Avenue, Athens, TN 37303. This proposed operation would

consist of one automated batch style sludge dryer system. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Simmons is the assigned Division person.

For the McMinn County "Daily Post-Athenian"--published once on or before November 27, 2003.

The applicant is Mohawk/Aladdin South Pittsburg Plant with a mailing address of P.O. Box 1006, Dalton, GA 30722. They seek to obtain an air contaminant permit (Division identification number: 58-0064-01/56868) for modification of a Boiler Operation located at 180 Jaycee Drive, South Pittsburg, TN 37380. The requested modification is to replace an existing 8.93 MMBtu/hr process steam boiler with a larger (14.65 MMBtu/hr) natural gas/No.2 fuel oil-fired boiler. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. W. Medley is the assigned Division person.

For the Marion County "Jasper Journal"--published once on or before Thursday, November 27, 2003.

The applicant is Cymer, LLC with a mailing address of 124 Cymer Lane, Decatur, TN 37322. They seek to obtain an air contaminant permit (Division identification number: 61-0033-14/56824) for modification of a Synthetic Organic Chemical Manufacturing Operation located at the same address. The requested modification is to increase the allowable emission limits for this facility. The company has applied for federally enforceable limits on volatile organic compound (VOC) and hazardous air pollutant (HAP) emissions. Scrubbers are used as air pollution control devices. Regulated air pollutants are emitted by this source. Mr. S. Kusumanchi is the assigned Division person.

For the McMinn County "Daily Post-Athenian"--published once on or before Thursday, November 27, 2003.
